

## USED MACHINE INSPECTION REPORT PAVER

### 1. General Information

|                                |         |                                |                   |
|--------------------------------|---------|--------------------------------|-------------------|
| Machine Model                  | HA60W-8 | Serial No.                     | SMTA60WDL00000762 |
| Year                           | 2019    | Operating Hours                | 5297              |
| Screed                         | J-Paver | Screed No.                     |                   |
| Paving Width                   |         | Screed Extension               |                   |
| Levelling System / Make / Type | Moba    | Levelling System Configuration |                   |
| Customer                       |         | Date, Location                 | 31-10-2025        |

### 2. Equipped with following Options

|                                       |                                     |                           |                                     |                          |                                     |
|---------------------------------------|-------------------------------------|---------------------------|-------------------------------------|--------------------------|-------------------------------------|
| Sun roof                              | <input checked="" type="checkbox"/> | Side curtains             | <input type="checkbox"/>            | Cabin                    | <input type="checkbox"/>            |
| Working Lights                        | <input checked="" type="checkbox"/> | Additional working lights | <input checked="" type="checkbox"/> | Warning beacon           | <input type="checkbox"/>            |
| Screed lock                           | <input type="checkbox"/>            | Screed anti-climbing lock | <input type="checkbox"/>            | Spacer blocks, screed    | <input type="checkbox"/>            |
| Screed Diesel heating                 | <input type="checkbox"/>            | Screed gas heating        | <input type="checkbox"/>            | Electric heating, screed | <input checked="" type="checkbox"/> |
| ThermoControl                         | <input type="checkbox"/>            | Tropicalised              | <input type="checkbox"/>            | Sound insulation         | <input type="checkbox"/>            |
| Central lube, paver                   | <input checked="" type="checkbox"/> | Central lube, screed      | <input checked="" type="checkbox"/> | Automatic steering       | <input type="checkbox"/>            |
| Diesel transfer pump                  | <input type="checkbox"/>            | Emulsion tank             | <input type="checkbox"/>            | Screed tensioning device | <input type="checkbox"/>            |
| 2 Limit switches or USS for the auger | <input checked="" type="checkbox"/> | Screed load device        | <input type="checkbox"/>            | Other options            | <input checked="" type="checkbox"/> |

### 3. CE Conformity of the Machine:

|  | yes | no | s. below |
|--|-----|----|----------|
| The has already been in free circulation within the European Union (i.e. a CE label is affixed on the machine).              | yes |    | a)       |
| No alterations have been made on the machine (e.g. increase of output, alteration of the functions and safety devices etc.). | yes |    |          |
| If the previous question was answered with "no", a risk analysis must be made:   |     |    |          |
| Have any new or additional safety risks arisen ? (If so, specify the reason under item 4)                                    | yes |    | b)       |

a) If the answer is no, the used machine must not be sold within the European Union.

b) If the answer is no the used machine must not be sold within the European Union.

In both cases there is no CE conformity for the machine.

|                                     |   |   |
|-------------------------------------|---|---|
| Machine is CE conform:              | <input checked="" type="checkbox"/> yes | <input type="checkbox"/> non (not for resale in the European Union) |
| Operating instruction with machine: | <input type="checkbox"/> no             | <input checked="" type="checkbox"/> yes                             |
| Spare parts lists with machine:     | <input type="checkbox"/> no             | <input checked="" type="checkbox"/> yes                             |

Place, \_\_\_\_\_, Date, \_\_\_\_\_ Name/Signature hydraulic side plates, Seats h

**Please Note:** If this Used Machinery Inspection Report is not properly completed, the machine cannot be correctly assessed and unnecessary costs will arise.

#### 4. Assemblies and Components

Assess the condition of the assemblies and components using a scale of 1 – 5 :  
5 = as new, 4 = good, 3 = average, 2 = below average, 1 = poor

|  | Condition<br>(1 - 5) | Remarks<br>(mm / %) |
|--|----------------------|---------------------|
| <b>Appearance</b>                          |                      |                     |
| Paint work                                 | 4                    |                     |
| Superstructure                             | 4                    |                     |
| Frame and welding work                     | 4                    |                     |
| Control panel / instruments (EPM/ASS)      | 5                    |                     |
| Seat with Console                          | 5                    |                     |
| Hopper wings, hinges & hinge rods          | 3                    |                     |
| <b>Conveyor System</b>                     |                      |                     |
| Hopper floor plates (mm)                   | 8                    |                     |

| Vibrator shafts, bearings                      |                      |                     |
| Hydraulic motors                               |                      |                     |
| Vario cylinders, cylinder guides               |                      |                     |
| Hoses, tubing                                  |                      |                     |
| Gas / Diesel heating                           |                      |                     |
| Electric heating                               | 5                    |                     |

#### 5. General comments on the machine:

Maintenance is done (oil and filters)

#### Special design:

hydraulic side plates, Seats hydraulic movement, hydraulic roof movement

(This assessment is valid for 1 month or 100 hours. Thereafter a new assessment is required).
